## The May Fire - Right and Wrong

**Artist:** [The May Fire](#)

**Release:** [Right and Wrong](#) (2006)

**# of Tracks:** 12

Melding indie rock, simmering ache, and indestructible pop chops, [The May Fire](#) delivers a cowbell chug, coupled with brilliantly fuzzy guitars, fronted by vocals that slither like a lustier Patti Smith or Kim Deal (Pixies/The Breeders). [The May Fire's](#) sound carries happy echoes of modern practitioners like Stereo Total, and Queens of the Stone Age, as well as older voices like David Bowie, The Stooges, and The Pixies. Their sassy debut release [Right and Wrong](#) is full of grimy twists and breathless, adrenaline-pumped gems.

**IndiePro Comments:** [The May Fire](#) offers original alternative rock, grunge, pop, and so much in between. With surfy guitar solos, bluesy R&B keys, and gritty and sassy vocal stylings, they create songs as catchy as the common cold. Performed with energy and enthusiasm, each song takes you through a range of musical eras ranging from the 60's to the present, yet all the while maintaining a sound completely and uniquely their own.
